Friday 25 – Saturday 26 April 2025

Hosted by CURE Boating Club

Hans Bay, Lake Kaniere

### Kaniere Update No. 3

**Welcome** to Kaniere Update #3. The countdown is on, with just 4 weeks to go! If you have received this directly to your email, please circulate. Full details and information can be found on [RowIT](#) and our dedicated [SIM 2025 WEBSITE](#). You can also follow us on Facebook - search for [South Island Masters Regatta](#).

#### Heads up on the following:

- **Tues 1 April 10:00 pm** - deadline for early bird registrations and clothing orders!
- **Names of all early bird competitors and volunteers** will be printed on the back of [Commemorative T-shirts and Hoodies](#).  
Clothing will be ready for pickup up at the regatta.  
Find full detail on the [CLOTHING ORDER FORM](#).  
GET IN ON THIS and be a part of SIM history.
- **Late registrations** will miss having names printed on the back of celebration clothing.
- **Monday 14 April 10:00 pm** - race entries and Late Weekend Registrations close.
- Due to a cancellation, a **Queen Room with ensuite** has been made available at Mahinapua Hotel. Contact Catherine at [southislandmastersrowing@gmail.com](mailto:southislandmastersrowing@gmail.com) if interested. First in first serve.
- **There is no potable water at Lake Kaniere**. We recommend taking a large container that can be filled at your accommodation. There will be a supply of bottled water available to buy at the lake.
- **Squad coordinators**, take a moment to revisit the race conditions on [RowIT](#). The **only update** to the conditions is the location of Friday's post-race Meet 'n Greet and LD prizegiving, now taking place from 5:00pm at Mahinapua Hotel.
- **Kaniere Update #4** will be released and posted on [RowIT](#) and the [SIM 2025 Website](#) by Friday 18 April. It will cover the **safety plan, driver instructions**, and any other final details. Watch out for this.

**Our very big thanks in advance** to our Regatta Sponsor, Mahinapua Hotel, and the fantastic Race Sponsors who are collective enablers of this milestone event.
